Profile

Mats Leurink

Dear reader, I am currently studying Hospitality Management at NHL Stenden in Leeuwarden. With hands-on experience in event planning, business operations, and customer service, I thrive in fast-paced environments where organization, creativity, and teamwork are essential. Before my studies, I completed HAVO, followed by an additional year at VAVO, where I expanded my language skills in French and German. This helps me communicate effectively in diverse professional settings. I have worked in a high-end clothing store, where hospitality and customer experience were top priorities. Additionally, I run my own event and rental company, specializing in planning and organizing events, providing necessary equipment, and ensuring smooth execution. Beyond my own business, I am also a freelancer and have worked in multiple businesses across different industries, gaining valuable insights into various company structures, team dynamics, and operational strategies. These experiences have strengthened my adaptability, problem-solving skills, and ability to work with different teams effectively. Over the past three years at NHL Stenden, I have organized multiple events and gained extensive knowledge in event planning, logistics, and hospitality management. I am always eager to take on new challenges, work hard, and continue developing my expertise. Skills & Expertise ✓ Event Planning & Organization ✓ Hospitality & Customer Service ✓ Business & Rental Management ✓ Freelancing & Adaptability ✓ Teamwork & Problem-Solving ✓ Multilingual (Dutch, English, French, German)

I am always open to networking and exploring new opportunities in hospitality, events, and business management. Let's connect
